**December 21, 2004**

Dear all Colleagues,

Merry Christmas and Happy New Year to you!

Upon the requests by the professors at the Department of Geomatics Engineering, I would like to draw your attention to the advertisement below. The successful candidates will obtain full financial support towards their study and living in Calgary from their supervisors.

- a) One or two PhD Studentship available for people with strong GPS background and willing to learn INS;
- b) One M.Sc or PhD Studentship available for people with strong GPS background and mathematical analysis capability.

Department of Geomatics Engineering at The University of Calgary, Alberta, Canada is recognized as one of the leading research-intensive institutes in the world. For more information about the department, please refer to <http://www.geomatics.ucalgary.ca> and more information about the City of Calgary, please refer to <http://www.calgary.ca>

I am very appreciative of your kind help of spreading this short advertisement to those who might be interested in trying such an opportunity e.g. the students in your institute/school/department/laboratory. Thank you for post this advertisement at your organization. The interested people are highly encouraged to try this opportunity and submit a complete CV to me. Please feel free to contact me if you need further information.

Thank you very much for spreading this message out and Have a Happy Holiday ahead,

Zhizhao
